

ICAG Kindergarten Summer Learning 2021

Welcome to ICAG kindergarten!

We are very excited to have you in our ICAG family! ICAG is an immersive Japanese-English Kindergarten program. We will learn all about Japanese culture and language. Before school starts, we'd like you to research about Japan and make a collage of all of the things you like about Japan. We will all share our collages with the class when we begin school next year.

Below there are three videos that will help you prepare for next year. The first video will help you create your collage of things you like about Japan.

The video and worksheets are attached.

The second video is basic Japanese greetings and salutations. We do not expect you to have these memorized, and there will not be a test, however, being familiar with these terms will allow you to feel at home in your new class.

The third video is describing Hiragana - or the Japanese Alphabet. Please watch the video and become familiar with as many Hiragana characters as you can over the summer.

Welcome to ICAG!

We look forward to having you in our class.

See you soon!
