Social Security Card Information

According to Georgia Law 20-2-150d, an official copy of a child's Social Security card/number is required for public school enrollment in Georgia; however, no student shall be denied enrollment in any public school of this state for declining to provide a Social Security number to the local unit of administration (LUA) or for declining to apply for such number (SBOE Rule 160-5-1-.24). Any parent or legal guardian, who does not wish to provide the Social Security number into the child's school records, may sign the waiver (a statement objecting to the requirement) on page 8.

Public school systems may not deny enrollment because they are obligated by federal law (Title IV of the Civil Rights Act of 1964) to provide all children equal access to education at the elementary and secondary levels. Federal laws prohibit discrimination against public school students on the basis of race, color and national origin. The Civil Rights Act bars discrimination based on race, color, or national origin in programs or activities that receive federal financial assistance. It further bars school districts from adopting practices that have the effect of discriminating on the basis of these characteristics.

Though the State of Georgia requires its school systems to obtain a Social Security number, the state may not deny a child equal access to public education based on his or her immigration status. Enrollment policies may not discourage participation or lead to the exclusion of students based on their or their parents' actual or perceived immigration status or based on a student's homeless or foster care status and consequent lack of documentation.

Social Security Number Waiver Form

Georgia law (O.C.G.A. § 20-2-150) requires public school authorities to request from parents and guardians the Social Security number for students being enrolled in school. The Social Security number is to be incorporated into the official school record for the student.

No student will be denied enrollment in a public school for declining to provide his or her Social Security number or for declining to apply for such a number. A parent or guardian who objects to the incorporation of the social security number into the official school record of their student may have the requirement waived by signing a statement objecting to the requirement.

Georgia Home Language Survey

Required: January 2024 | Optional: January 2023 - December 2023

Notice to Parents and Guardians:

Georgia school systems are required¹ to collect your responses² to questions about your preferred language for school communication and your child's primary or home language. Information from the first question is used to identify your need for an interpreter or for translated documents. Information from the three *Home Language Survey questions* and the additional language information help us determine whether to screen your child's level of English language proficiency. The screening process will identify if your child qualifies for English learner status and services in our language instruction educational program.

Purpose of Questions	Questions & Parent/Guardians Responses
Communication Preferences	Parent Communication Language (Required)
This question helps the school provide you with an interpreter or translated documents, free of charge, should you want them.	In which language would you prefer to receive school communication?
This question is for informational purposes only. It is <u>not</u> used to identify your child for English language proficiency screening.	

Identification of Potential English Learners

These three questions help schools identify if your child should be screened for eligibility to participate in their language instruction educational program.

When the response to any of these questions is a language other than English, schools may be required to screen your child's level of English language proficiency. If you respond with more than one language, the school will need additional information from you before making this decision.

Home Language Survey (Required)

1.	Which language	does your	child bes	<u>t</u> understand
	and speak?			

- 2. Which language does your child <u>mos</u>t frequently speak at home? _____
- 3. Which language do adults in your home most frequently use when speaking with your child?

Additional Information from Multilingual Families

If you indicated that your child and other adults in the home *understand and use English and another language* or languages, schools will ask you to provide additional information to decide if your child should be screened for English proficiency.

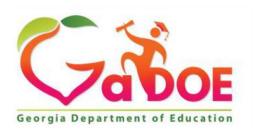

If you respond that your child understands and uses English more than the other home language, or that your child understands and uses both English and the other home language equally, the school will not screen your child for English language proficiency.

Additional Information from Multilingual Families. Choose <u>only one sentence</u> that best describes your child's primary language.

- My child understands and uses only the home language and no English.
- My child understands and uses mostly the home language and a <u>little English</u>.
- My child understands and uses the home language and English equally.
- My child understands and uses mostly English and only a little of the home language.
- My child understands and uses only English.
